AGENT OF BENEFIT SOCIETY ARRESTED

Balnit Lazar When Arraigned in Court Says Papers Were at Fault.

Balnit Lazar, 310 N. Walnut st., pleaded not guilty to a charge of embezzlement of \$500 when he appeared before Judge Warner in city court Tuesday morning. The case was set for Friday morning and Lazar was released on \$1,000 bond. Atty. Charles Hagerty represented the state and D. D. Nemeth appeared for the defendant. Nemeth told the judge that the prosecutor had been misinformed regarding the case and warned Hagerty that his client, the complaining witness, Andrew Szalay of Westville, might be made the defendant in a suit for malicious prosecution.

According to the complaint Lazar made away with a check for \$500 issued by the Hungarian Sick Benefit Society Confederation of Bridgeport, Conn., to Andrew Szalay.

The arrest of Lazar appears to be the outcome of a series of litigations. According to the defendant, who is the legal agent for the benefit society, the trouble comes as the result of two wills. When the father of the complaining witness died the mother received \$1,000 from the society, half of which belonged to her and the remainder to her three children. Andrew being the only one of the three to have reached the legal age, two-thirds of the \$500 was placed in the hands of a guardian, the mother of the Hungarian Presbyterian church. Then the defendant alleges that Andrew secured some money from his mother through devious ways and left the city after she had secured judgment against him which could not be collected.

Sometime later the mother became ill and is alleged to have made a will leaving the insurance she was to get from the sick benefit society to her two younger children, one of whom was at the orphan's home and the other at the tuberculosis hospital. The mother recovered but was later forced to go to the poor farm where it is alleged the son coerced her into signing a second will, leaving all her assets to him and making him executor of the will.

According to Lazar, it is necessary to make out certificates showing the heirs to the insurance of the concern he represents. This was not done and when the attorney for Andrew wrote to the Bridgeport society asking for the money, a check for \$500 was sent to him made out to Andrew. After conferring with attorneys Lazar decided that he could not legally turn over the money to the eldest son and sent the check and an explanation back to the society. The embezzlement charge is the result.

KIDNEY DISORDERS QUICKLY RELIEVED

Hundreds of people have been relieved of the agonies caused by weak, diseased or clogged-up kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pains in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet discovered for quickly relieving uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Wetlick's Original Cut Rate Medicine Store, the popular drugstore, says that no medicine ought to be paid for unless it does the user some good. He therefore sells Solvax under a positive guarantee to quickly relieve the worst case of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Wetlick's Original Cut Rate Medicine Store and tell him you want your money back and he will return it without question. This is the strongest argument that can be offered in behalf of any medicine. —ADV.

Will Speak at Knife and Fork Banquet

SEN. JOHN S. WILLIAMS. Sen. John S. Williams of Mississippi, a speaker at Tuesday night's banquet is a typical southerner of the "Kunne" type. As a statesman he has made an estimable record for his state and for the democratic party, of which he is a member. Mr. Williams, true to the district of his birth and residence, is a man to whom a good story is a boon, and he can tell 'em—from personal experience and from episodes in Washington.

FIVE YOUTHS HELD IN CAR ROBBERIES

Bond is Placed at \$25—Scrap Iron Was Sold to Junk Dealers.

The five west side boys who were arrested Monday night for implication in numerous car robberies, pleaded not guilty in city court Tuesday morning until their trials were set for Thursday. Until Deputy Pros. Dan Nye suggested the bond be placed at \$100 each the lads were without an attorney. Joseph Wypysynski took up the cases of the boys and succeeded in having the bonds reduced to \$25 each and the boys secured their freedom.

Special Agents Metzler and Montgomery, assisted by Detectives Delinaki and Pullo, made the arrests. They have been working on the case for several days and believe that the boys constituted practically all of the gang which has been robbing Lake Shore freight cars.

The story of how the boys have been working was told by a boy recently brought in by Montgomery and Metzler. The youth described how a gang would get on top of a car of scrap iron and throw down pieces of metal afterwards selling them to junk dealers.

Those who were arrested Monday night were: Joe Banicki, 820 S. Jackson st.; Frank Jawiak, 816 Pulaski st.; George Schwartz, 824 Pulaski st.; Victor Zulas, 1502 Ford st.; and Casimir Saksok, 1529 W. Dunham st. All were charged with petit larceny.

POSTOFFICE BUSY SPOT

Clerks Worked Until Four O'clock Tuesday Morning.

Monday's business at the postoffice was the heaviest it has ever been on the fifth day before Christmas. Clerks worked until 4 o'clock Tuesday morning to dispose of the package rush for the one day. Although no record was kept of the number of packages, it is thought that they exceeded by thousands the amount taken in on the same day of any other year in the history of the local office.

Packages are being received at the office until 8 o'clock in the evening, the regular hour for closing the stamp windows. Monday there was a line in front of the parcel post and stamp windows throughout the day and the morning rush Tuesday was equally as heavy.

ST. JAMES TO HOLD MIDNIGHT SERVICES

Letter is Sent Out to Members of Church by Bishop White.

Midnight mass will be celebrated at St. James' Episcopal church Christmas eve with a full choir. The service will begin at 11:30 o'clock and communion will be received by the members of the church. Another communion mass will be held at 7 o'clock on Christmas day and a third at 10 o'clock. Following is the letter that has been sent out by Bishop John Hazen White, rector of the church, to the members of his congregation:

"My Dear People of St. James Church:—With the approach of Christmas I send you the cordial and affectionate greetings of your clergy and vestry. Your religious life, hope, courage and comfort are alike anchored in, and derive vigor from the great fact of the incarnation. Its commemoration should bring joy to all, the old and the young, the strong and the weak, the rich and the poor, for it has blessings and mercies for all. May your share of both be ample, in the home, in the activities of life, in the disciplined and joyous celebration of this sacred day, we have provided ample services to meet the needs of all. These will be rendered with all the dignity and richness that the church permits. On Christmas eve there will be a full choral, midnight eucharist. This service will begin at 11:30 o'clock. There will be a second celebration at 1 a. m., and a third celebration at 10 a. m. At one of these services I trust every communicant will make it a point to communicate as the church bids all her loyal children to do.

"Your vestry do not feel that they are at liberty, in honor, to make a special canvass for a Christmas offering, but as your vestry I venture to express the hope that without solicitation you may with one accord be moved to such generous Christmas gifts to the church as are commensurate with the mercies you have received during the year. Gathering to commemorate God's bountiful gift to us in His dear Son, let us as bountifully give of our means for His sacred work.

"Wishing you all joy and blessing in this privileged season, I remain, most affectionately yours, "JOHN HAZEN WHITE, "Bishop and Rector."

HOLD CHRISTMAS PARTY

Employees at Y. W. C. A. Entertained Monday Night.

The annual Christmas party for employees of the Young Women's Christian association was held Monday evening in the library of the association building. The guests numbered 35 and were entertained very delightfully by Mrs. E. B. Harris, who related the story of "Mary's Christmas Party," a tale of early days in South Bend. A Christmas tree which occupied the space at the north end of the large room furnished presents for all the boxes of candy were found at the ends of the long strings which were wound in the maze which covered most of the rooms on the second floor. Other interesting features of the entertainment were the whistling solos by Miss Hannah Auer, old songs by the entire party and the relating of Christmas customs of the foreign countries. During the evening the guests were given a pleasant surprise when the announcement was made of the marriage of Miss Annetta Ray and George Kale, which occurred Dec. 10. Miss Ray has been in the employ of the Young Women's Christian association cafeteria most of the time since the cafeteria was opened in the spring of 1907 and is well known to all the patrons and friends of the association.

COUNTRY IN FAVOR OF PREPAREDNESS

Will be No Political Plaything, Says John Sharp Williams.

Public sentiment is for adequate preparedness and a strengthening of the United States navy, considered the first line of defense, is looked upon with favor by the people of the United States, as a whole, according to John Sharp Williams of Mississippi, who arrived in South Bend early Tuesday morning for his address before members of the Knife and Fork club at the hotel Oliver Tuesday night.

Sen. Williams, a southerner of pronounced type, and a man to whom the middle name, Sharp, is more than appropriate, was loath to discuss at length details of the preparedness or any other program facing the 44th congress. However, he did not betray his reluctance, except in his skillful parrying of questions answerable for publication.

"There will be little difficulty in getting the preparedness program through," he said, "and it will not be a matter for the playing of politics. There are a few standpat democrats opposed, but where one democrat voices objection, two republicans will vote favorably. Sentiment in favor of adequate preparedness is too great for legislators to make it a political plaything."

DANGEROUS CURVE ON SLIDE REMOVED

New Bridge at Leeper Park Made Bank to Stop Sleds Necessary.

Workmen were busy Tuesday at Leeper park removing from the toboggan slide a dangerous and at times disastrous curve, so far as sled work is concerned. The slide, terminus of the slope and free-way has been changed from that of a year ago, but it is hoped the old arrangement, or a similar one will be in working order Wednesday.

Construction of the new bridge meant a discontinuance of the slide which went under the old structure, and the danger of a sled going into the river at the eastern terminus caused the building of a small wall. It was at this wall, failing to make the turn, that several boys bobbed their last. The wall will be removed and a snow bank put in its stead, and farther back from the track.

WOMAN NOT ENTITLED TO AID COURT RULES

Father Should Give More If He Finds It Necessary.

"If this young man has any humanity, any generosity, any love for his own child, he will contribute more than the court allows for the support of the baby should it be necessary." This was the comment Tuesday morning of Judge George Ford, when discussing the proposition of having William Jones convicted of child desertion under the new husband act, pay into the court money for the child's support.

"I believe that \$2 a week is enough for a seven-months-old baby," said the court. "I am not willing to give the woman anything for her support. This is a criminal case and she has recourse for allowance money in a separate maintenance or divorce suit. It is the woman's duty to care for the child. I am not giving her anything for the labor therein involved, as it is her child. The father, however, must contribute for this child's support for food and clothes."

Jones pleaded guilty to the charge and on recommendation of the special prosecutor, Henry A. Steis, he was given a suspended sentence of \$100 and 60 days in the county jail, the sentence to be revoked within a year if the defendant failed to pay the weekly support money.

TABLEAU PLANS ARE GIVEN TO COMMITTEE

Walks and Streets Around Court House to be Cleaned For Friday.

Drawings by A. D. Young, architect, submitted as working plans for the tableaux to be presented at the Municipal Christmas tree festival on Christmas eve, were examined by the Christmas tree committee meeting Tuesday noon at the high school. They depicted the shepherds about the campfire, the Virgin and Child in the stable of Bethlehem and the Wise Men offering their gifts as these groups will be arranged on the court house lawn on Christmas eve. The costumes will be in rich colors, which will show up beautifully under the spotlights which are to be turned on each scene in its turn on the program.

Decorations of the tree will be begun by the Indiana and Michigan Electric Co., as soon as sockets for 200 colored incandescent bulbs arrive and Friday morning a decoration committee under Mrs. Homer J. Miller as chairman will adorn it with quantities of tinsel and bright balls. A huge star will surmount the tree. The cannon will be banked with evergreen and the walks and steps will be covered with sawdust to add to the comfort of the children and adults who will sing in the choruses.

D. C. Layton, city street commissioner has agreed to have the walks and streets of the court house block put into condition for the crowds of spectators and the police department will close the block between Washington av. and Jefferson blvd. about 4:30 and will keep it free of traffic until the close of the evening program. Committees have also been appointed to take charge of the school children upon their arrival at the court house until their turn on the program.

Through the efforts of Mrs. Charlotte Banta arrangements have been made with the merchants and proprietors of buildings on the blocks bounding the court house to turn out the lights in their buildings during the tableaux and until the star above the trees is flashed on. All cooperated gladly. Candles will be lighted in all the court house windows at 4:30 o'clock and will be left burning until the conclusion of the ringing of the church bells.

Proceeds Will Be Used to Care For Needy Families.

The Warsaw Charly society will give a dance Thursday, Jan. 6, at Warsaw hall and arrangements for the event are now being perfected. Frank Tobolski, Adolph Babinski and Andrew Grzeskowiak compose a committee who will have entire charge of the affair.

The proceeds of the ball will be turned into the society's coffers to be used in caring for the poor Polish families. Last year the society gave a similar event and \$85 was raised.

An Old, Family Cough Remedy, Home-Made

Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective.

By making this pint of old-time cough syrup at home you not only save about \$2, as compared with the ready-made remedies, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, whooping and spasmodic croup.

Get from any drug store 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex, keeps perfectly and tastes good.

You can feel this take hold of a cough old in a way that no lozenges. It quickly loosens the dry, hoarse or painful cough and breaks the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes. The effect of Pinex on the membranes is known by almost every one. Pinex is a new and valuable concentration of the genuine Norway pine extract combined with glycerol and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Fort Wayne, Ind. Adv.

RAILROAD SUIT IS NOW BEING HEARD

John C. Young Wants \$1,000 For Building Sidetrack to Pere Marquette.

Suit of the Pere Marquette railroad against John C. Young on an account was begun in circuit court Tuesday afternoon. The case was raised Monday afternoon, the railroad company in its complaint asking for a little more than \$1,000 for demurrage. In a cross complaint, Young, who is a contractor, asks for a like amount for the construction of a sidetrack at his expense, which the railroad, he says, promised to pay.

The payment of the sidetrack, the cross complaint set out, was to be made by a return of \$2 for every car load hauled on the tracks. The railroad objected to this on the grounds that it would be rebating. The cross complaint also stated that the carriers failed to deliver the cars on time as promised, causing the contractor to be damaged.

The case was venued to this county from Laporte. Young built a gravel road out of Laporte and the materials were furnished to him over the Pere Marquette line. Osborne and Osborne of Laporte and Anderson, Parker, Crabb and Crumbacker represent the railroad company, while Weir and Worden of Laporte are counsel for the defendant.

HOSE IS CUT BY TRAIN

The work of three fire companies in putting out a fire in a box-car store room along the Grand Trunk tracks near the grain elevator west of the city, was held up for several minutes shortly after noon Tuesday when a Grand Trunk train cut one of the hose that were being used. The "pipe" was only partly cut, but it was necessary to stretch more hose. The damage to the building and its contents is not known. The alarm came from box No. 23. The morning was rendered.

TUESDAY WAS ALMOST A REGULAR UNION DAY

Sun Shines Little More Than Nine Hours—The Shortest in Year.

There were only nine hours and seven minutes of sunshine Tuesday, the day being the shortest of any of the other 365 days of the year. There was a little more daylight than that and considerably less sunshine, but the sun was somewhere over this region for that length of time. Old Sol made his official appearance at 7:15 o'clock and was scheduled to set at 4:22. The difference between the length of Tuesday and Wednesday will be only a few minutes.

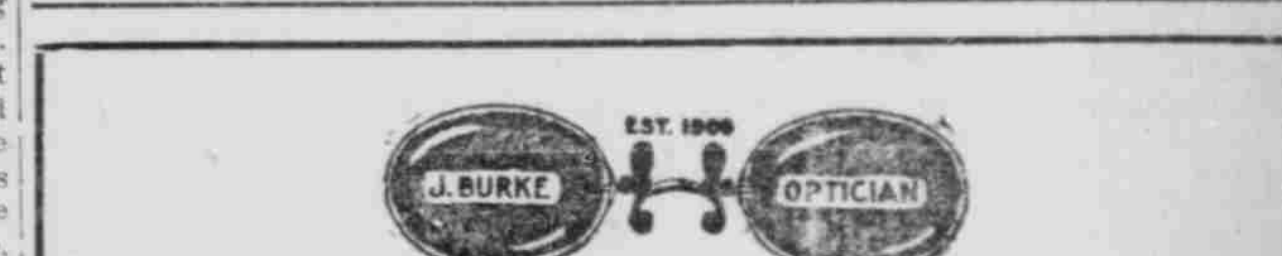

The vicinity is not yet out of the path of the storm that was predicted by the government, according to Weatherman Swaim. The storm was scheduled by the weather bureau last week, but no definite time was set for its arrival. Mr. Swaim said it might come any time now. The minimum for Tuesday was 14 degrees, but the thermometer rose to 30 about noon.

DEFENDANT WINS SUIT

Jury Requires Nine Hours to Reach an Agreement.

A verdict in favor of the defendant was rendered Tuesday morning by a jury in the circuit court in the Ralph Ward-John Claeys damage suit. Ward charged that Claeys had sold him a number of farm utensils and peppermint roots and misrepresented the part that he owned in them.

A feature of the case was the length of time that the jury remained out. The instructions were given them Monday shortly before noon and they did not reach an agreement until 9:30 o'clock Monday night. A sealed verdict returned Tuesday morning was rendered.
